

Memory Mirror

Azure's bitter aftertaste,
memory tapestries breezing fenestral
as sunset air, teases
where the water glows. Out there,
no music

breathes

hope's late ostinato.

Crystalline reflections
shimmer: the morning breeze
skimming water's surface. Ripples flashed
back to overtures passed
over, their pulse lapping fresh

against

the shadowed sand.

The day's lapidary
glitter fades on wings turning
distant on the dusk
as a nectar touch remembered

darkens

dawn's next crescendo.

River Basket Redux

For bearing their clotted incisors
before the catalytic orifice

shrieking dalmatian
from spotted letterheads

torn between damn
nation's foresworn aquifers

and lavender's engaging
lamentation, a victual crew
delivers its pungent amnesty

to trotting
fiddlers. Under the roof

of campaign management, surplus deities

slide the tidy undercurrent
to cerulean bell-ringing insane magistrates.

A holistic ballistic trajectory

lampoons the ancient visors

green-brimmed under gambling lights

amber as water-thinned gold,

a dilution of presence
as well. As presentiment

largely endangered under scattered hooves,
its vacuum clings to the latest throttle

brushing

the fuller sanctity

found in the rushes

Shoreline Solitary

A fabric of regret
ripples lapidary tapestries
against
 fenestral shutters

while azure's promise,
so close its breezy music, so distant
its overture,
 creeps shadowed

in distant memories
 of night's sweet nectar:

sunsets blazing
to ashen dusk. Overture's touch
wings
 the pulse's past crescendo

to a slow dawn
waking over water's lapping
ostinato
 where silence now awaits
