**Army of Shadows\***

If there are three fools  
And two lost souls,  
That leaves one soul  
Unaccounted for.  
Where do we find it?  
Is it yours?

Are you a nationality  
I've never met.

Fire and blame  
Wait longer  
But pay to play, anyway.  
We all have to  
Study life more,  
Then run along.  
We're still of some use,  
After all.
